EXPERIENCE

Strategic Family Solutions, Kansas City, MO — *Financial Coordinator*

AUG 2022 - PRESENT

- Improved office operations by automating record and data tracking.
- Manages payroll data entry and processing for 17+ employees to comply with predetermined company guidelines.
- Complies with HIPAA guidelines for consumer and company PII and SPII.
- Manage daily financial functions including accounting and payroll.
- Prepare balance sheets, cash reports and income statements.
- Generate monthly reports in compliance with regulatory and organizational standards.

Walmart, Gladstone, MO — *Cap 2 Associate*

JAN 2019 - AUG 2022

- Consistently volunteered up to 20 hours a week overtime to finish tasks the team could/did not complete without being prompted. Efforts eased the workload and strain on the following shifts workers and overall, made things move both more smoothly and efficiently.
- Established a good working relationship with another shift by communicating and compromising, turning a mostly negative disposition towards my team into a much better one.
- Volunteered to assist with tasks, demonstrating willingness to learn, increase skill levels, and take on more responsibility.
- Located needed merchandise in inventory using inventory software.
- Greeted customers and directed to requested products.
- Coordinated efficient organization, palletizing and transportation of completed packages.

SKILLS

TCP/IP

SQL

Linux (CLI)

Python and Data Logging

Security Incident and Event
Monitoring (SIEM) Tools

Network Log Analysis

Security Frameworks and
Controls (NIST)

IPS/IDS

Incident Response

Threats, Risks, and
Vulnerabilities

Security Hardening

Communicating with
stakeholders

OSINT

Virtualization

Attention to detail

VPN

Highly motivated

Willingness to learn

Windows

SOFTWARE

Splunk

EDUCATION

Google Career Certificate in Cybersecurity — *Online certificate*

MAY 2023 - JULY 2023

https://www.credly.com/badges/73ee3254-ec5a-4d06-9e50-8f405504f1ca/linked_in?t=rypc2r

University Academy, Kansas City,MO — High School Diploma

AUG 2011 - MAY 2015

PROJECTS

Home Lab — *Current*

Mini PC running Opnsense inside of a virtualized container within Proxmox. Device is used to create a subnet on my home network.

Google Cybersecurity Projects(found on Github) — *June 2023-July 2023*

- Writing file permissions to Linux
- Documenting security incidents
- Creating an algorithm for file updates in python
- Applying filters to SQL queries
- Conducting a vulnerability assessment
- Conducting an internal security audit
- Using the NIST Cybersecurity Framework to respond to a security incident
- Documenting using a incident handlers journal
